READY FOR SHIPMENT

PODACHA

ENGINE-DRIVEN MOBILE HYDRAULIC POWER UNIT

Autonomous hydraulic power
wherever it's needed

PODACHA

1599 €

3229 €

PODACHA DOUBLE

- ◆ Self-contained hydraulic power source
- ◆ Powered by a gasoline or diesel engine
- ◆ Single- or dual-circuit hydraulic configurations
- ◆ Quick-connect couplings for smooth hydraulic line connection and disconnection
- ◆ Available with 2 or 4 wheels for easy transport between work areas

TECHNICAL SPECIFICATIONS

PARAMETER	PODACHA	PODACHA DOUBLE
Number of hydraulic circuits	1	2
Engine power	16 hp	22 hp
Tank capacity	40 L	30 L
Pump displacement	10.8 cm ³ /rev	26+17 cm ³ /rev
Pump flow rate	16,2 l/min	40+20 l/min
Relief valve setting	10 MPa	17 MPa
Engine type	4-stroke, single-cylinder internal combustion engine with direct fuel injection	
Pump type	gear	
Weight	120 kg	170 kg
Nominal working fluid temperature	+ 40 ... +55 °C	
Maximum allowable fluid temperature	+ 70 °C	
Fluid viscosity range	20 – 200 cSt	
Recommended fluid viscosity	30 – 50 cSt	
Filtration rating:		
– filler breather	10 µm	10 µm
– return filter	25 µm	25 µm

Remote control units and alternative engine and pump configurations are available upon request
