

MOTORIMPEX

Easy access to superior
HYDRAULIC
EXPERTISE

"Motorimpex" Group

We specialize in designing and manufacturing hydraulic systems. In our work, we use components from the best European manufacturers, whose quality and reliability have stood the test of time. We also have experience in manufacturing lubrication systems.

Our customers come to us when they need:

- A hydraulic system customized to their individual needs;
- Modernization of an existing hydraulic system;
- Serial production of hydraulic cylinders;
- Selection of components for designing a new hydraulic system;
- Replacement of components when they fail on existing equipment.

HYDRAULIC EXPERTISE

ACCESS TO EXPERT ENGINEERING

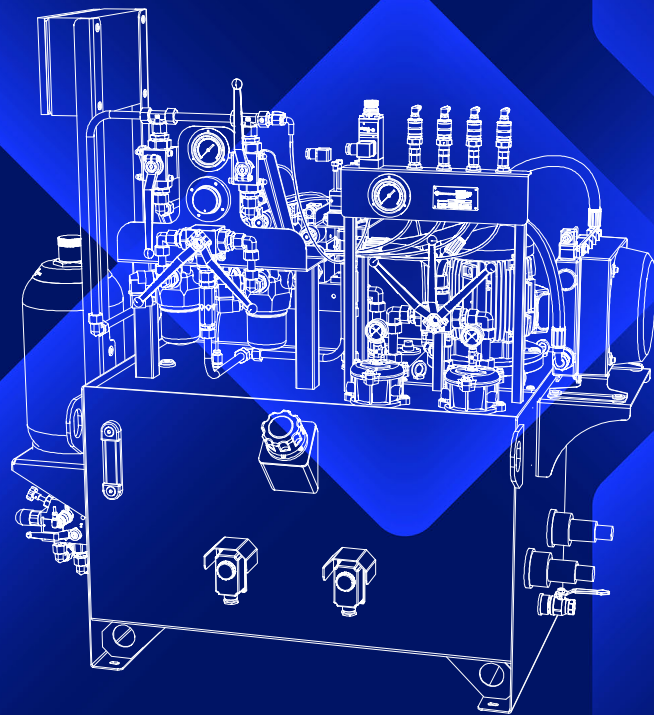

We solve complex technical challenges

WE SOLVE COMPLEX TECHNICAL CHALLENGES

We produce any hydraulic solution

ACCESS TO EXTENSIVE INVENTORY

820,000 components, featuring both leading brands and cost-effective alternatives

MOTORIMPEX

MARKET LEADER

#1 in Ukraine with a 40% market share

EXPERT TEAM

140 staff, 15 engineers, 8 designers

ADVANCED EDUCATION

15 MAs, 3 PhDs in hydraulics

CONTINUOUS INVESTMENT

€500,000+ annual growth investment

EXTENSIVE INVENTORY

820,000+ components in stock

MOTORIMPEX

**OUR PRODUCTION CAPACITIES ALLOW US
TO EASILY EXECUTE BOTH LARGE-SCALE AND SERIAL PROJECTS**

OUR HYDRAULIC SYSTEMS ARE BASED ON COMPONENTS FROM TOP MANUFACTURERS

70 manufacturers

40 categories
of hydraulic equipment

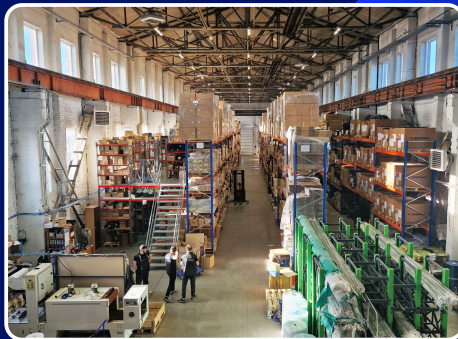

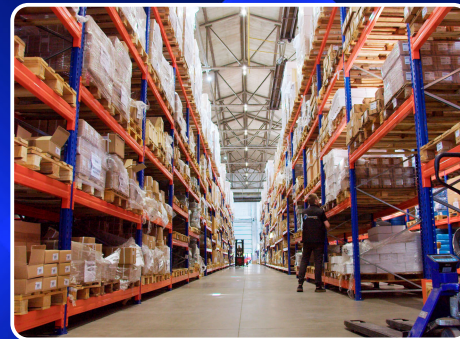

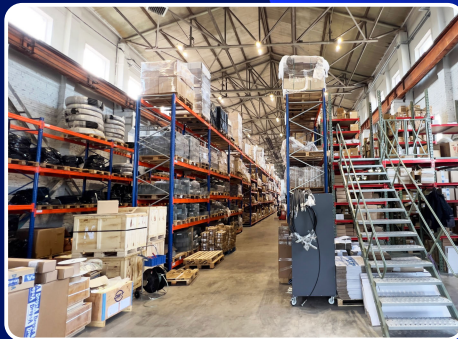

MOTORIMPEX

WE HAVE THE LARGEST WAREHOUSE

of hydraulic components
in Ukraine

- € ~ 6 mln EUR
- 📋 14 000 items
- 📦 820 000 units

"Motorimpex" Group

OUR DEALER NETWORK IN UKRAINE COMPRISES OVER 60 WORKSHOPS

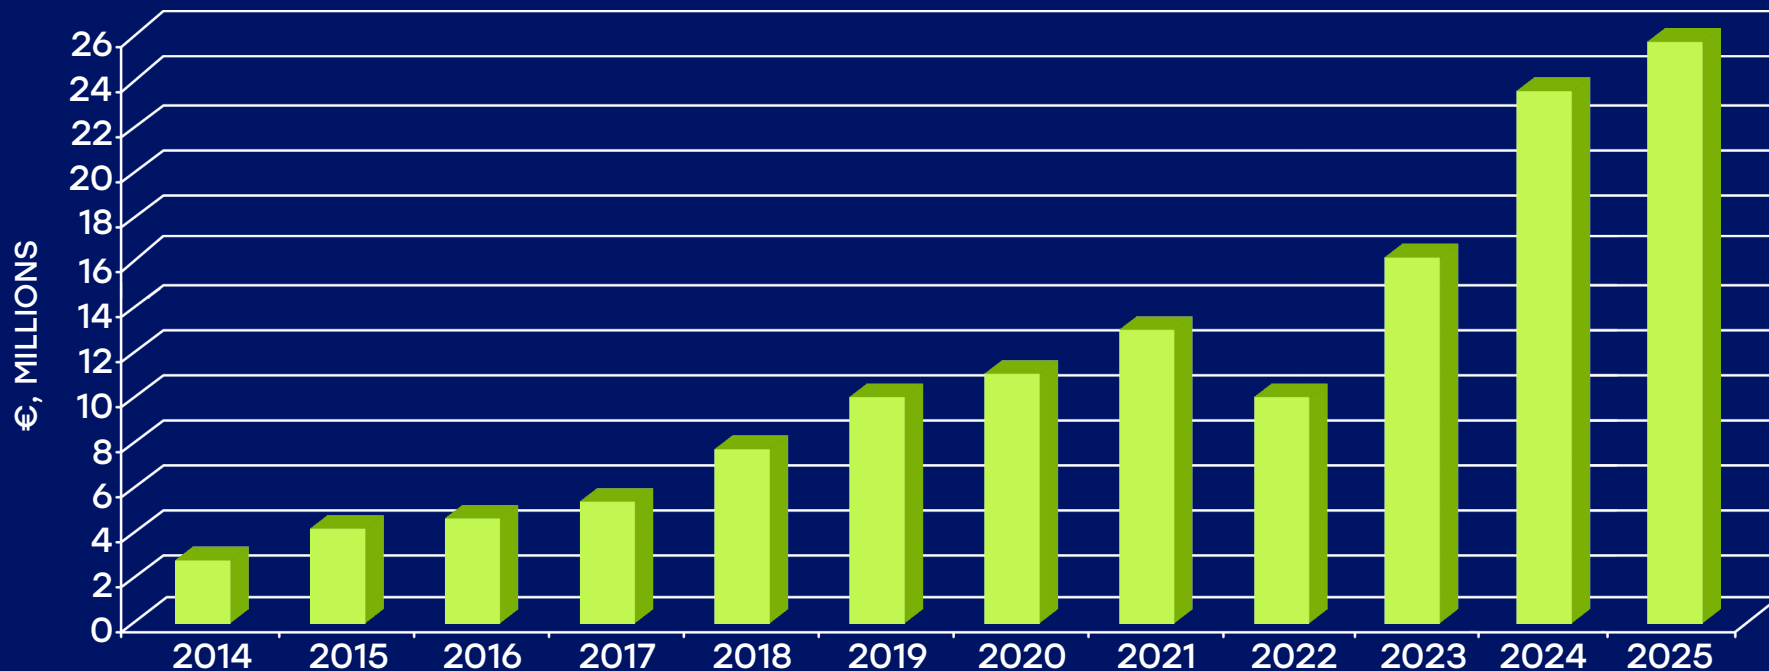

MOTORIMPEX

"Motorimpex" Group

REVENUE

NEXT 250

Our Production Enterprise "Motorimpex" has been included in the exclusive Next250 list, which gathers the most promising small and medium-sized enterprises of 2023. This list, by Forbes, comprises 250 companies with annual revenues ranging to 25 million euros. It reflects the strong potential and future prospects of the selected companies that have undergone a rigorous selection process.

MOTORIMPEX

OUR PROJECTS

Developed, manufactured and installed
"turnkey" hydraulic power units for the
lifting-lowering system of bilge hatches
on the largest self-propelled loader
"Nibulon Max" built
in Ukraine

"Motorimpex"
Design Office and
Production Enterprise

OUR PROJECTS

Designed and built a modular stand for testing and assembly/disassembly of hydraulic cylinders, capable of cylinders up to 8000 mm in length and 450 mm in diameter. This bench has been specifically developed for Ilyich Iron and Steel Works

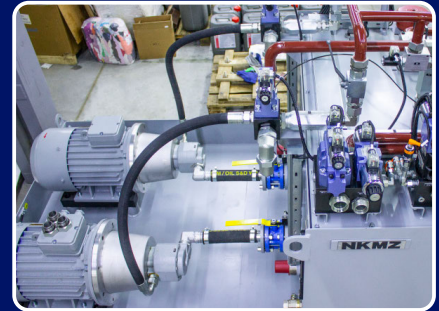

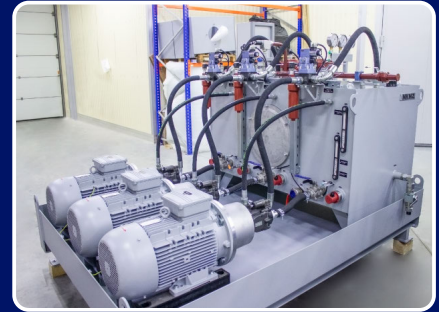

"Motorimpex"
Design Office and
Production Enterprise

OUR PROJECTS

To optimize production processes, we have developed and manufactured customized hydraulic manifolds and hydraulic power units specifically tailored to the individual requirements of the NKMZ plant

"Motorimpex"
Design Office and
Production Enterprise

OUR PROJECTS

Designed, manufactured and installed two test benches at the facility of PJSC "FED»

"Motorimpex"
Design Office and
Production Enterprise

OUR PROJECTS

Test bench specifically designed
for testing electro-hydraulic
directional control valves
in the aviation industry

"Motorimpex"
Design Office and
Production Enterprise

OUR PROJECTS

Series of hydraulic power units designed to ensure the operation of the jack in "Lifting" and "Lowering" modes

Special nitrogen station with 8 ballon and 2 piston accumulators for application in metallurgy and coke industry

OUR PROJECTS

Two series of hydraulic manifolds have been designed and manufactured for the mobile lifting and rotating steel-casting stand made by the NKMZ plant

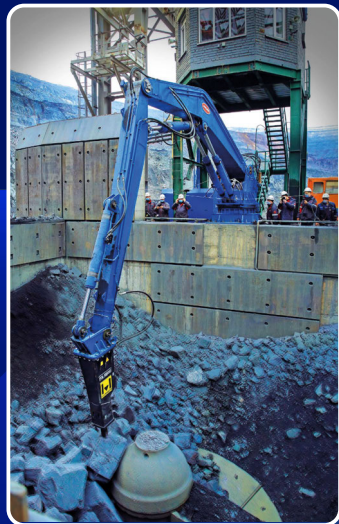

"Motorimpex"
Design Office and
Production Enterprise

OUR PROJECTS

Rock breaker hydraulic system
for Ingulets Iron Ore dressing
Works (Ingulets GOK)

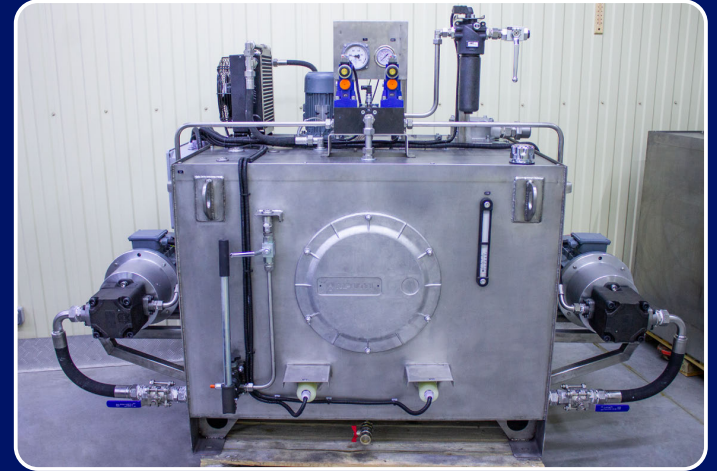

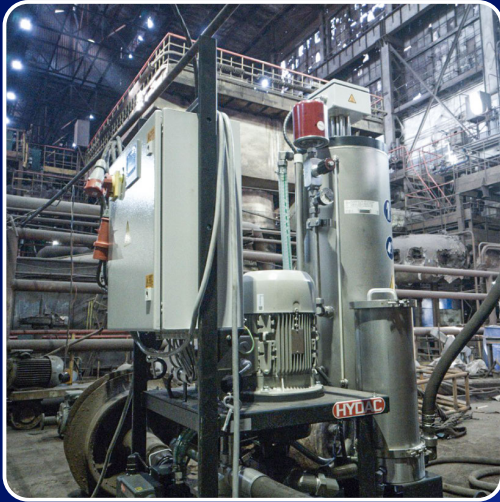

Power unit for the rolling mill
hydraulic system filling

OUR PROJECTS

We have completed the installation and commissioning of the filtering system at "Zaporizhstal»

Hydro-accumulator power supply unit
for the coal tower gate drive

OUR PROJECTS

Hydraulic power units for the testing stand of the oscillation mechanism, crystallizer alignment, and roller installation/dismantling. They are included as part of the slab casting installation

"Motorimpex"
Design Office and
Production Enterprise

ABOUT MOTORIMPEX

- The company was founded in 1993;
- The central office, warehouse, hydraulic power unit production, and machine park are located in Kalush;
- The office, warehouse, and hydraulic cylinder production are situated in Lviv;
- The branch and service department are situated in Kharkiv;
- The trade and production area covers 7 000 m².

ABOUT MOTORIMPEX

- Warehouse stock: € 6 million;
- 14 000 items, 820 000 units;
- We collaborate with over 20 industries;
- 3000+ regular B2B customers;
- More than 100 employees.

THE FIRST

hydraulic engineers who proposed replacing soviet hydraulic equipment with European-produced analogues

THE ONLY ONE

Design Office and Production Enterprise in Ukraine with specialization in the designing of hydraulic systems for individual output parameters

WE SUPPLY EQUIPMENT DIRECTLY FROM

Italian, Polish, German, Swedish, British, Portuguese,
Bulgarian, and Turkish factories based on direct contracts

"Motorimpex" Group

TESTS ON THE BENCH

Diagnostics of hydraulic systems, trouble-shooting, replacing consumables, commissioning works, operating instructions for personnel

Bureau Veritas Certification Holding SAS – UK branch certifies that the Management System of the above organization has been audited and found to be in accordance with the requirements of the management system standards detailed below

ISO 9001:2015

Scope of certification

Design (development), production, sale and maintenance of hydraulic systems, high pressure hoses, automatic centralized lubrication systems and hydraulic cylinders, distribution of hydraulic components.

Original cycle start date: 17 December 2018
Expiry date of previous cycle: NA
Certification / Recertification Audit date: 11 December 2024
Subject to the continued satisfactory operation of the organisation's Management System, this certificate expires on 16 December 2027

Certificate No. UA231663 Version: 1 Issue date: 11 December 2024

Dmitry Sorokobin
